

SMALL GROUP

Discussion Questions on John 1:35-51

1. Discuss why the Gospel is called “good news of a great joy” (Luke 2:10-11). Why then do so few people who call themselves Christians share the Gospel with others? What would be the impact on our culture if we did?
2. Since the Gospel is good news of a great joy as discussed above, then joy should be a chief byproduct of being a Christian. Read Philippians 4:4 and 1 Thessalonians 5:16-18 and discuss the importance of the joy of the Lord in your own Christian testimony. How do you think those closest to you would rate your joy in the Lord?
3. Every Christian should be involved in some sort of Christian discipleship: being discipled and/or discipling others. Discuss what this should look like in the church, the Christian home, and in our daily lives.
